# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

### **Our Mail Sales Are Conducted As Follows:**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

**22nd EDITION (1969) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"  
AND OTHER AUCTION RECORDS USED IN CATALOGING**

• Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.**

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

## YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having cataloged over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

### SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## UNIQUE 1857 \$20 GOLD EXPERIMENTAL PIECE

181—\$20 J-190, From a 1964 sale described: **“Undated (1857) J-190, EXPERIMENTAL PIECE. The regular reverse, uniface, made very concave by passing it through the upsetting machine BEFORE and AFTER striking. ONLY ONE KNOWN. (\$5,000.00)”**. This is the same description that appears in Judd except that Judd does not attempt to value it. Dr. Judd photographed this piece in 1959 when he stated: **“This was one of Dr. Barclay’s ideas, as to a means of preventing the removal of the central portion of the coin and replacing it with a platinum disk, which was a common practice in those days. At that time, platinum was much cheaper than gold.”**

## SILVER DOLLAR — TYPE I, 1795

399—1795 B-1, FLOWING HAIR, two leaves beneath each wing, MAGNIFICENT SPECIMEN! SHARP STRUCK STARS, BUST AND OTHER FEATURES, LOVELY PROOF SURFACE! So choice, the owner has it labelled as a "BRILLIANT PROOF." It is difficult to imagine a lovelier specimen existing! Probably a "PRESENTATION SPECIMEN" made for some European Coin Cabinet or museum. It is difficult to find some valid frame of reference to arrive at a fair value. Possibly the Arnel specimen sold by Stacks over two years ago, Jan. 27, 1967 might be of some help. Lot 77 of that sale was a 1795 B-5 with three leaves in Brilliant Uncirculated, "The coin was probably cleaned many years ago." It was a choice specimen but did not have a proof surface as this B-1 has. The Arnel coin was valued there \$2,250.00 but the strong demand kept the bidders going until it was finally "knocked down" to the successful buyer at \$2,900.00. Bolender, the leading authority on these early dollars (book published 1950) had this to say about the 1795 B-1 variety (Arnel coin) "This is by far the most common variety of 1795." The 1795 B-5 (the PROOF surface coin herewith offered) should certainly be worth more as a variety. In addition, the PROOF surface and rise in value during the intervening two years should send the bidding for this remarkable specimen to over .....	5,000.00

## SILVER DOLLAR — TYPE II, 1795

- 400—1795 B-15, DRAPED BUST, SMALL EAGLE, 15 STARS (states) **MAGNIFICENT SPECIMEN! SHARP STRUCK, PROOFLIKE SURFACE, BRILLIANT UNCIRCULATED** with lovely light bluish golden color! We note Stack's sold a comparable specimen in the Jay collection Oct. 27, 1967 at \$3,200.00. The Jay coin was described "1795 Bust type, considered by many to be the Rarest Type Dollar. This specimen is Brilliant Uncirculated with full frosty mint bloom, full sharp stars, etc. Estimated at close to \$2,400.00, but the strong demand sent the bidding to \$3,200.00. A careful comparison of the specimen herein being offered with the jay coin pictured in Stack's catalog reveals this is the exact same variety (B-15) with the same unfinished feathers on eagle's leg. The continued strong demand should now send the bidding for this remarkable specimen (1½ years later) to over ..... 3,500.00

## SILVER DOLLAR — LARGE HERALDIC EAGLE TYPE 1798

- 401—1798 B-14c, 13 STARS, LARGE EAGLE WITH SHIELD ON BREAST, similar to B-14a but has die break from TY thru 2 Stars at right, **BLUISH UNCIRCULATED GEM!** Boldender lists B-14a as Rarity 6 (VERY RARE) therefore this variety must be **EXTREMELY RARE!** The Jay coin (Stack's Oct. 27, 1967) was a "common" variety 1798 in choice condition and realized \$1,100.00. The Jay collection also contained a "common" variety 1799 in "Gem" which realized \$1,150.00. We note a later offering by Kreisberg on page 1190 August, 1968 Numismatic Scrapbook of 1801, 1802, 1803 in "Choice Uncirculated" and "Brilliant Uncirculated" at \$1,250.00 each. **The coin herewith offered was sold as "Probably Finest Known Of This Variety" at \$1,500.00 to the present owner.** While he would have preferred a "common" variety for a type, those that were offered to him of the "common" variety did not equal this specimen for condition. We feel this GREAT RARITY in this REMARKABLE CONDITION presently worth ..... 2,000.00

## CURRENCY — GOLD CERTIFICATES

As further information is being uncovered about this long neglected series (during their ban on collecting) it is becoming evident that a number are much rarer than the catalog indicates, particularly in the top grade. Most of those that exist today seem to have come from hoarders with little numismatic knowledge who laid them away simply as "gold notes" without any regard for condition. We firmly believe that top grade specimens will rise to their proper levels in the not too distant future.

### **\$50 1882 GOLD NOTE — PROVISIONAL ISSUE WITH THREE SIGNATURES**

The "classics" of the entire gold certificate series. We believe "catalog" values are meaningless on these as so few have been offered.

468—\$50 F-1188, 1882 Bust Silas Wright, Bruce-Gilfillan COUNTERSIGNED BY THOS. C. ACTON, Ass't. Treasurer of United States New York City, very good (some repairs). A GREAT RARITY! WHEN HAVE YOU SEEN ANOTHER OFFERED? Literally, "the chance of a lifetime." Worth several thousand dollars.

## \$2 & \$3 MORMON GOLD BACKED TREASURY NOTES

504—1849, January 20 (printed issue) \$2 new, crisp. The last time we handled any  
of these historical notes was in cataloging a set for our June 1967 sale two  
years ago. We quote from that sale: "Complete Set Four 50c, \$1, \$2, \$3 new,  
crisp. The envelope containing the set was marked "July, 1961 \$2,000.00". We  
checked sales of that time as well as publications and came across the ad in  
the July 1961 Numismatist of a leading dealer offering a set. His description  
follows: "Gold Backed Treasury Notes of the Provisional Government of the  
STATE OF DESERET, printed issue of January 20, 1849. Crudely printed in  
script type: G.S.L. CITY JAN. 20, 1849./NO. - 2.00c/GOOD TO - OR BEARER./  
TWO DOLLARS ON DEMAND./2.00c / CLERK. Payable to: N.K. WHITNEY (and  
so signed), Presiding Bishop of the Mormon Church. Signed by BRIGHAM  
YOUNG, President of the Mormon Church, and H. K. Kimball, of the Church  
First Presidency. Countersigned by: Thomas Bullock, Mormon coiner, official.  
Uniface; validated by impression of the official seal of the Twelve Apostles,  
weakly containing the letters "PSTAPCJCLDSL DATW", signifying "Private Seal  
of the Twelve Apostles, Priests of the Church of Jesus Christ of Latter-Day  
Saints, in the Last Dispensation All over The World."

"The first representation of real governmental functions in the State of Des-  
eret (including all of Utah, Nevada and Arizona, together with portions of New  
Mexico, Colorado, Wyoming and Southern California), being the earliest ex-  
amples of type-setting and printing in this entire domain. Among the MOST  
historically valuable issues of known Western paper. EXTREMELY RARE AND  
HISTORICAL! Fewer sets are known than the rare \$20 Mormon Gold coin!"

That set then (1961) was \$2,000.00. The set in our sale (the same set?) real-  
ized \$2,650.00. Surely this single \$2 note worth over ..... 800.00

609— <b>OAK TREE SIXPENCE</b> Noe 22, <b>EXTREMELY FINE</b> with date side unusually well-centered, tree side usual centering (slightly off-center) .The rarity in this remarkably choice state of preservation is reflected in the fact that the Guidebook does not price it in better than fine. 611— <b>PINE TREE SHILLING, Large Size</b> , (1667-74) very fine and well-centered, careful examination with a glass reveals what might possibly be some clever tooling (if so, it was done by a skilled craftsman indeed). A specimen such as this should be worth around \$600 (if not for tooling?); should realize proportionately. ....	
612— <b>PINE TREE SHILLING, Small size</b> (1675-82) Noe 30 variety (SCARCE) very fine, usual clipped planchet, some pinpoint nicks, some repair work. If not for the defects, it would probably be a \$400 to \$450 coin; worth proportionately. ....

## LINCOLN CENTS

We note in the February 12th Coin World that "Trends" lists Lincoln's as having advanced from 159.59 last year to 180.93 last month to 185.70 current date. A careful check of sales the past year will confirm the quickening pace in this series. The new Guidebook coming out in late June should reflect these higher prices. If you have "put off" finishing your set of Lincolns' may we suggest your now giving this series your immediate attention.

### REEDED EDGE BUST HALF DOLLARS 1836-1839

1560—1836 Near Uncirculated with luster. ONLY 1200 STRUCK! Cat. unc. ....	325.00
---	--------

1561—1836 APOSTROPHE variety (die break after last S in STATES) similar to 1799 dollar and AMERICA! 1800 dollar, finely (close) reeded edge (nearly all come with wider spacing). Struck on a SLIGHTLY LARGER THAN NORMAL PLANCHET! A choice virtually Uncirculated specimen showing only the barest trace of friction. VERY RARE. We encountered another large size planchet variety nearly thirty years ago and in discussing it with the then leading authority, Wayte Raymond, he voiced the opinion that these were actually a few of the lettered edge planchets then being used in normal coinage. When they were compressed in the smaller collar with reeding, all evidence of the lettered edge was obliterated. The Large Size reeded edge halves were evidently true patterns in the normal sense of the word, while the regular size normal reeding halves were more of a propaganda nature (as were the 1836 \$1 and 1856 Flying Eagle 1c) used to induce the passage of the law authorizing them as a regular issue IN 1837. Acquired 1961 when it was valued \$1,000; probably now worth closer to .... 2,000.00
